4. Operational & Manager Roles (Pivot/Non-SaaS)

Roles targeted for your **\$150k base** floor strategy in traditional industries.

Company	Specific Title	Recruiter / Source
Ise Labs	GTM Systems Manager	Targeted for the "Steady Hand" pivot.
SATCO Products	Sales Operations Manager	High-priority for non-tech "Revenue Latency" play.
NBCUniversal	Account Executive Training	Leon proposed "Revenue Architecture" diagnostic for 21 AEs.
Richardson Electronics	Business Systems Manager	Targeted for operational excellence and P&L focus.
Keyence Corp	Technical Sales	Roberta Coggins (Advantage xPO).
Intelliswift	Sales Ops Analyst	Outreach from Lovely Verma for San Jose Hybrid.

5. Other Recruiter Screens & Inbounds

- **Altruist**: "Hazel Conversation" (Fintech/Wealth).
- **Replit**: Enterprise Account Manager (Met Ghazi Masood).
- **Sendbird**: Global SDR Manager / Sales Engineer.
- **Glean**: Recruiter Screen (Kelley Fernandez).
- **The Judge Group**: Recruiter I (Arjun Sharma).
- **V3 Electric**: Solar Rep (Ericka Joyce).

- **CarMax:** Sales Consultant (Kaya).

Operational Note: Your "**Battle Card**" notes explicitly mention that for technical roles (BRM Labs), you should lead with "**Hoodie Energy**" and your terminal demo, while for executive roles (Mastech), you switch to "**Suit Energy**" and strategic scoping.

Tab 6

LeonOS Executive Strategy & Target Pipeline

This strategic brief outlines the exhaustive list of specific titles, companies, and tactical notes derived from the current **LeonOS** tracker and **Career Search 2025-2026** architecture. The pipeline is structured to leverage your unique "Purple Squirrel" profile—combining 15 years of sales expertise with a technical Python/AI stack.

1. High-Signal GTM Engineering & Architecture

These roles directly align with the **Basin::Nexus** framework, focusing on building automated sales systems rather than executing manual playbooks.

Company	Specific Title	Context / Contact
BRM Labs	Founding GTM Engine... ▾	Collaboration with Lane Hartman regarding "SuperAgents".
Ambient.ai	Sr. GTM Engineer / He... ▾	Post-onsite stage; focused on "Strategic Build" for Noah (CFO).

Retell AI	Founding Enterprise AE ▾	Targeted for "Outcome Architecture" pitch to CEO Alexandra Monopoli.
Ocular AI	Founding Enterprise AE ▾	Identified as a high-intent YC startup target.

2. Strategic Agency & Consulting Leads

Agencies currently leveraged to accelerate placement into high-growth Series B/C startups.

- **Sloane Staffing:** Target role is GTM Architect, with Casey Taranella as the primary contact for systems-driven GTM.
- **Omne Consulting:** Senior Architect role targeted; outreach directed to Founder Srini Rajamani.
- **Slalom Consulting:** Focus on Revenue Operations Consultant roles, specifically Salesforce Architecture and Implementation.
- **Go Nimble:** Targeted as a top-tier RevOps agency for senior consulting roles.
- **Mastech Digital:** Scoping for Data/AI Consultant roles with Christopher Tuma.
- **Russell Tobin:** Ongoing thread with Safina Sami for Strategic Partnerships Manager roles in Mountain View.

3. Enterprise Sales & Account Management

Targeted roles leveraging sales leadership and the "Seller who lives in VS Code" narrative.

- **GitHub:** Sr. Enterprise AE; pitching technical depth in development environments.
- **Rippling:** Mid-Market / Enterprise AE; focusing on automating the "Employee Graph" outbound motion.
- **OpenAI:** Product GTM / Innovation roles; pitch centered on building "Revenue Feedback Loops".
- **Verkada:** Strategic Sales; targeted within the January recruiter pool.
- **Scale AI:** Forward Deployed Engineer; focus on RLHF and Data Labeling language.
- **Postman:** Mid-Market AE; application submitted via Indeed.
- **Okta:** Director, GTM AI Strategy; high-priority target in the San Francisco market.

4. Operational & Managerial Pivot Roles

Roles targeted under the **\$150k base** floor strategy for stability in traditional or high-scale industries.

- **Ise Labs:** GTM Systems Manager; targeted for the "Steady Hand" pivot strategy.
- **SATCO Products:** Sales Operations Manager; high-priority for the "Revenue Latency" play in non-tech sectors.
- **NBCUniversal:** Account Executive Training; Leon proposed a "Revenue Architecture" diagnostic for 21 AEs.
- **Richardson Electronics:** Business Systems Manager; focus on operational excellence and P&L management.
- **Keyence Corp:** Technical Sales; engagement via Roberta Coggins (Advantage xPO).
- **Intelliswift:** Sales Ops Analyst; outreach received from Lovely Verma for a San Jose hybrid role.

5. Recent Recruiter Screens & Inbounds

Active threads and screenings currently in the pipeline.

- **Altruist:** "Hazel Conversation" regarding Fintech and Wealth Management opportunities.
- **Replit:** Enterprise Account Manager; met with Ghazi Masood.
- **Sendbird:** Global SDR Manager / Sales Engineer; primary hook is CMO Charles' invitation.
- **Glean:** Initial recruiter screen completed with Kelley Fernandez.
- **The Judge Group:** Recruiter interaction with Arjun Sharma.
- **V3 Electric:** Solar Representative outreach from Ericka Joyce.
- **CarMax:** Sales Consultant inbound from Kaya.

6. Tactical Execution Notes

Your current "**Battle Card**" methodology defines the energy required for different pipeline segments.

- **Technical Roles (e.g., BRM Labs):** Lead with "**Hoodie Energy**" and a terminal-based demo of the Basin::Nexus engine.
- **Executive Roles (e.g., Mastech):** Shift to "**Suit Energy**" with a focus on strategic scoping and ROI narratives.
- **Sendbird Strategy:** Position SDRs not as robots but as human-centric operators supported by **Basin::Nexus**.

Tab 1

Based on your Workspace data, your 2026 interview pipeline is divided between high-stakes "Revenue Architect" roles at AI/Cybersecurity firms and more traditional "Enterprise Hunter" or "Operations Manager" roles.

Active & Recent Interviews

Company	Title / Role	Industry	Status / What Happened	Key Notes
Ambient.ai	Sr. GTM Engineer / Head of RevOps	AI Security / Video Intel	Post-Onsite. Final panel (Jan 21) was an "ambush" of 5 stakeholders instead of 2.	Demoed your "Signal vs. Noise" dashboard and Python logic; anchored build cost at \$2k-\$3k stack.
BRM Labs	Founding GTM Engineer / Builder	AI Procurement (SuperAgents)	High Signal. Interviewed with Lane Hartman (Jan 23).	Lane explicitly validated your "Mad Scientist" approach after you demoed enrich_company.py.
LinkedIn	Alliance Partnership Lead	Sales Solutions	Screening. Phone screen with Sam Fleeman on March 23, 2026.	Recorded via Gong for the Hiring Manager; aligned on "video on" for the session.
Replit	Enterprise Account Manager	Developer Tools / AI	Moving Forward. Invited to meet HM Ghazi Masood for a 15-min chat	Focus is on discussing your skillset and role details.

			(March 17).	
Sendbird	Global SDR Manager / Sales Engineer	Communication APIs	Active. Interviewed with Peter Dang-Gabriel (Jan 7); availability requested (Jan 9).	Positioned as "Data Gravity" play—trading volume for signal to sell to developers.
Mastech (Vector M)	SVP / Enterprise Hunter	Data & AI Services	Interviewed. Met with Christopher Tuma (Jan 23).	Positioned as a hunter who understands "Data Fabric" and the transition from "Bodies" to "Solutions."
Stroll	Area Director	Media / Publishing	Outreach. Jesse Altura requested a phone interview on March 11.	Looking for fit for their franchised leadership model.
Glean	Recruiter Call	Enterprise Search / AI	Early Stage. Call with Kelley Fernandez (Feb 4).	Emphasized "revenue as code" and your technical mastery of Clay.

Consulting & Performance Partnerships

- **Tredence:** Reached the "finish line" for a **Growth Sales Leader** role with a confirmed **\$150k W2 base salary**; Gautam is currently checking for double-submittal conflicts.
- **PeakWaves Studio:** NDA signed for **GTM Advisor** role; negotiating a **\$12.5k/month**

advisory retainer.

- **SolveJet:** Fractional GTM role targeting the **Logistics & Supply Chain** vertical to fix "signal leaks" in their supply chain.
- **TalSmart / CoachRobo:** Ongoing lead-gen consulting engagement; focusing on automated outbound GTM engines.

Stalled or Closed Loops

- **LiveRamp (Lead PMM):** Reached final rounds with the Hiring Manager (Tammy), but the role was filled by another candidate on Jan 16.
- **Variacode:** Had a technical round with Vanessa Parra (Jan 7); status currently stalled.
- **Assort Health (Sales Manager):** Prepped for a session with Ray (VP Sales) in the "Agentic AI" healthcare space; currently listed as "Warm Inbound."

Strategic Interview Notes & Tactics

- **The "Magic Trick":** You consistently use a terminal-based demo (python3 enrich_company.py) to prove you are a builder who can "manufacture leads" rather than just wait for them.
- **Synthesis Struggle:** Your notes indicate a struggle with fumbling or "rambling" in 3rd/4th rounds. The recommended fix is the **45-second rule** and framing yourself as a **Revenue Architect** who solves "Signal Problems."
- **"Mad Scientist" Persona:** For technical startups (like BRM Labs), your goal is to be the "Mad Scientist who can run experiments and get signal," rather than a standard sales manager.

Tab 2

Based on a deep dive into your **Gmail**, **Calendar**, and **Drive** data from March 2026, there are several companies and high-intent threads missing from the previous summary.

1. Active & Upcoming Interviews (New Discoveries)

- **Obvio**: You have a phone interview scheduled for **Wednesday, March 25, 2026, at 12:30 PM**.

Glean	Recruiter Call	Enterprise Search / AI	Early Stage; Call Feb 4
Altruist	"Hazel Conversation"	Fintech / Wealth	Appointment on March 11
Jolly	Final Rounds	GTM / Recruiting	Reached final rounds (per Jan email)

Consulting & Performance Partnerships

- **Tredence:** Reached the "finish line" for a **Growth Sales Leader** role (\$150k base target); currently checking for submission conflicts.
 - **Bounty (trybounty.ai):** High-intent **GTM/Partnership** sync with founders on March 11 regarding outcome-based pricing and "Outcome Architecture".
 - **PeakWaves Studio:** Negotiated **GTM Advisor** retainer (\$12.5k/month) and signed NDA.
 - **SolveJet: Fractional GTM** role focused on Logistics & Supply Chain.
 - **TalSmart / CoachRobo:** Lead-gen consulting engagement for automated outbound engines.
 - **ASPR.AI: Introductory Meeting** with Ganesh Iyer on March 4 to explore strategic partnerships.
-

Stalled, Closed, or Expired Loops

- **LiveRamp:** Reached final rounds for **Lead PMM**; role filled Jan 16.
- **Variacode:** Technical round for **Software/Engineering** on Jan 7; currently stalled.
- **Google:** Referral for unspecified roles; invitation **expired** March 21.

Additional Strategic Targets (Per your LeonOS Tracker)

- **Postman:** Mid-Market AE (Applied).
- **Retell AI:** Founding Enterprise AE (Prep stage).
- **MaintainX:** Director of AI GTM.
- **Okta:** Director, GTM AI Strategy & Operations.

Key Notes from your Archive:

- **Synthesis Issues:** Your notes mention a tendency to "ramble" in rounds 3 and 4; the recommended fix is the **45-second rule**.
- **The "Magic Trick":** You have successfully used a live terminal demo of your `enrich_company.py` script to prove your "Revenue Architect" technical stack during calls with BRM Labs and Ambient.ai.

Would you like me to draft a 30-second "Hook" for your Obvio interview on Wednesday to help keep your answers concise?

Tab 7

Based on your Workspace data and interview history from early 2026, here is the tally of your interview rounds. Note that several processes from late 2025 transitioned into final rounds in January 2026.

Interview Round Tally

<u>Round</u>	<u>Count</u>	<u>Companies</u>
1st Round (Screens/Intros)	13	LinkedIn, Obvio, Fivetran, Glean, Altruist, Ambient (Casey Intro), BRM Labs (Lane), Sendbird (Peter), Mastech, Seccuri, Fastino AI, CRS Credit API, Confidential
2nd Round (HM/Technical)	5	Ambient (On-site part 1), Sendbird (HM), Replit (HM Ghazi), Variacode (Technical), CRS Credit API (Tyler)
3rd Round (On-site)	1	Ambient.ai (On-site Redwood City Jan 16)
4th Round (Panel)	1	Ambient.ai (Final panel with 5 stakeholders Jan 21)
Final Rounds	4	Ambient.ai, BRM Labs, Jolly, LiveRamp

Breakdown of Key Pipelines

- **Ambient.ai (Founding GTM Engineer):** This was your most extensive loop, moving through an initial intro, an onsite in Redwood City on January 16, and concluding with a "final panel ambush" of 5 stakeholders on January 21.
- **Tredence (Growth Sales Leader):** You reached the "finish line" for this role with a

confirmed **\$150k base salary**; the process is currently in a final check for submittal conflicts.

- **LiveRamp (Lead PMM):** You reached final rounds with the Hiring Manager (Tammy), but the role was ultimately filled by another candidate on January 16.
- **BRM Labs (Founding GTM Engineer):** You reached final rounds after a high-signal interview with Lane Hartman on January 23 where you demoed your Python enrichment scripts.
- **Jolly (GTM/Recruiting):** Documentation from January notes you reached the final rounds for this position.

Operational Signal

Your "LeonOS" tracker highlights that while you have high volume in 1st rounds (13), the conversion to 3rd and 4th rounds has primarily come from "**Sniper Outreach**" and direct hiring manager contact rather than general portal applications.

Would you like me to draft a summary of the common "3rd and 4th round" feedback you've received to help address the stumbling/rambling you mentioned earlier?
