INTELLECTUAL PROPERTY PROTOCOL

1. Basin::Nexus Proprietary Core (The "Plane")

The Operator retains absolute ownership of the underlying Basin::Nexus software, algorithm logic, scraping infrastructure, and Refinery frameworks.

2. Client Data & Intelligence (The "Freight")

The Client retains absolute ownership of all raw data, candidate intercepts, market intelligence, and campaign results generated during the engagement.

3. Institutional Transition

The Operator grants the Client full usage rights to all integrated UI mirrors and dashboard outputs during the term of the engagement.

PERFORMANCE ATTRIBUTION

Commission calculations are based on gross revenues generated from candidate placements or corporate subscriptions where the initial sourcing signal originated from the Operator's Poaching Engine.
