Enterprise GTM Lead & Strategic Accounts · RevOps Architecture, GTM Strategy & Operations, Systems Builder

Mountain View, CA · lbasin23@gmail.com · 408-933-8269 · LinkedIn · Portfolio · GitHub

10+ years directing commercial infrastructure and deal execution for go-to-market teams: strategic accounts, partner development, CRM architecture, RevOps automation, lead routing, enrichment pipelines, AI-assisted workflows, and pipeline analytics. Ex-Google (Shopping Index Ops) and SurveyMonkey (Enterprise). Built GTM from zero at Fudo Security (cybersecurity, reporting to CEO) and grew pipeline to \$10M+ at Sense (AI recruitment, Series D). I own the systems, strategy, and execution that makes revenue teams faster.

EXPERIENCE

Enterprise GTM Lead & Strategic Accounts / Senior Manager, GTM Strategy & Operations · Fudo Security

Feb 2024 - Nov 2025

Founding GTM hire. Built the US commercial infrastructure and drove strategic account acquisition from zero for an identity security (PAM) company, reporting directly to the CEO.

- **160% YoY Pipeline Growth:** Directly owned pipeline motions and deal advancement, managing the full automated GTM stack (Salesforce, marketing automation, data enrichment, outbound sequencing).
- **Enterprise Deal Execution:** Conducted technical-commercial translation on live enterprise deals. Oversaw quote and proposal management leading to closed \$100K+ contracts.
- **Partner & Channel Development:** Led strategic partner motions and co-selling initiatives with Evotek, Avantic, Advantage Micro, Bell Tower, and Tru.
- **Executive Reporting:** Built and presented weekly executive pipeline roll-ups and KPI dashboards to the CEO and wider leadership.
- **SDR Program Leadership:** Led program design, hiring, onboarding, coaching, and performance management. Condensed SDR ramp time from 90 days to 5 days via an automated certification system.
- **\$424K OpEx Savings:** Executed top-of-funnel experiments across Reddit, X/Twitter, webinars, and outbound efforts, supported by Python workflows that automated CRM enrichment and research.

GTM Systems Engineer & Advisor · Fractional / Consulting

Nov 2025 - Present

Building GTM infrastructure for early-stage companies. Clients include TalSmart (sales training) and EtherAI (technical sales). Guest lecture on modern GTM architecture at Santa Clara University (May 2026).

- **Signal Enrichment Pipelines:** Built Python modules for lead routing, identity resolution, and intent scoring using multi-source data.
- **CRM Automation:** Built lifecycle workflows and AI follow-up engines that cut manual ops work by 60%+ for early-stage sales teams.
- **LLM GTM Agents:** Prototyped AI workflows using OpenAI and Claude APIs for lead qualification, email personalization, and call prep.

GTM Consultant · Braintrust (Contract)

Jan 2024 - Jul 2024

Built automated outbound infrastructure for a decentralized talent network targeting Fortune 1000 enterprise.

- **ICP Scoring:** Built multi-source enrichment scoring to rank enterprise accounts by intent and readiness.
- **Pipeline Integration:** Connected CRM, enrichment tools, and outreach platforms via API into one lead flow.

Group Manager, Global Business Development · Sense (Series D)

Jan 2021 - Apr 2023

Promoted 3x. Owned global GTM systems for a Google-backed AI recruitment automation platform.

- **\$10M+ Pipeline:** Built signal-driven outbound system with automated routing, enrichment, and multi-channel sequencing.
- **125% Response Rate Lift:** Built messaging frameworks and lifecycle workflows that doubled reply rates across outbound channels.
- **12% Churn Reduction:** Wrote behavioral churn-detection logic that triggered retention alerts before cancellation.
- **Pipeline Analytics:** Wired up tracking from first touch through expansion with attribution reporting to leadership.

Enterprise Business Development · SurveyMonkey

Feb 2019 - Jan 2021

Promoted from SDR. Managed a \$300M enterprise portfolio with cross-functional partnership between Sales, Product, and Engineering.

- **\$300K+ Expansion:** Found expansion revenue by connecting product usage data to enterprise account strategy.
- **Cross-Functional:** Worked with Product and Engineering to turn business requirements into technical solutions.

Infrastructure & GTM Strategy · Sanho Corp (Hyper)

Feb 2015 - Feb 2019

- **30% Latency Reduction:** Optimized supply chain data loops for Apple and Best Buy partnerships.
- **\$3.1M Crowdfunding Launch:** Managed data loops for the most funded tech project in Kickstarter history at the time.

Operations Analyst, Shopping Index Ops · Google

Aug 2014 - Jan 2015

- **Index Ops:** Kept the Google Shopping index accurate and live for global revenue modeling and financial reporting.
- **Eng Bridge:** Translated between operational goals and engineering build specs.
