Senior RevOps Architect | Technical GTM Infrastructure

RevOps and GTM systems leader with 12+ years building scalable revenue infrastructure across enterprise and high-growth environments. I design revenue operating systems that translate executive growth targets into measurable system behavior across Sales, Marketing, and CS.

Selected Outcomes

- 160% YoY pipeline growth (Fudo Security)
- \$424K annual operating savings via CRM routing and enrichment automation (Fudo Security)
- \$30M+ qualified pipeline supported across GTM systems built in enterprise and growth-stage environments
- \$2M+ U.S. expansion pipeline (Fudo Security)
- SDR ramp reduced from 90 days to 5 days (Fudo Security)
- 125% response performance lift and 12% churn reduction (Sense)

Core Strengths

- GTM Strategy & Programs | Revenue Operations | Systems & Automation
- CRM: Salesforce, HubSpot | Python / n8n / Clay / Pinecone
- Pipeline Architecture (0→1) | Partner & Channel Programs | Signal-to-Pipeline Automation
- Sales Enablement | Forecasting & KPI Frameworks | AI-Native Architecture
- Cross-functional alignment: Sales, Marketing, CS, and leadership

Experience

Principal GTM Systems Operator | Basin & Associates

Nov 2025 – Present

- Built modular GTM systems for signal capture, enrichment, scoring, routing, and outbound orchestration.
- Designed deterministic routing logic and identity resolution frameworks using API-level integrations (Clay, Salesforce, HubSpot, Python workflows).
- Delivered GTM diagnostic and revenue activation architecture for NBC4/Telemundo 52 (NBCUniversal) sales org; built outbound infrastructure for Mock That Interview reducing manual sourcing by 80%.
- Designed Phase 1 outbound architecture for B2B client: 10-day multi-channel cadence + 72-hour diagnostic instrumentation with defined performance baselines (45-65% open, 8-15% positive reply, 3-6% meeting rate).

Senior Manager, GTM Strategy | Fudo Security

Feb 2024 – Nov 2025

- Built a signal-based operating model that drove 160% YoY pipeline growth.
- Automated CRM enrichment and routing workflows, producing \$424K annual operating savings.
- Reduced SDR ramp time from 90 days to 5 days through systems-led onboarding architecture.
- Supported U.S. expansion initiatives that generated \$2M+ in pipeline.

GTM Infrastructure Consultant (Contract) | Braintrust

Jan 2024 – Jul 2024

- Built automated ICP scoring models and outbound infrastructure to streamline enterprise opportunity creation across Fortune 1000 accounts.
- Developed targeting and sequencing diagnostics that improved prioritization quality and reduced wasted outreach.

Senior Manager, Business Development | Sense (Series D)

Jan 2021 – Apr 2023

- Architected signal-driven outbound infrastructure supporting \$10M+ qualified pipeline.
- Led 5-person team to 105% of quota across three quarters.
- Personally sourced and closed the company's first \$250K outbound enterprise deal.
- Improved response performance by 125% through workflow and messaging optimization.
- Built proactive churn-trigger systems that reduced attrition by 12%.

Enterprise Account Manager | SurveyMonkey / Momentive

Feb 2019 – Jan 2021

- Managed enterprise expansion across a \$300M portfolio of 700+ accounts.
- Drove \$300K+ expansion revenue through data-informed account strategy.

GTM Infrastructure & Retail Operations | Sanho Corp

Feb 2015 – Feb 2019

- Led GTM process improvements across retail and partner distribution channels.

Operations Analyst, Shopping Index Ops | Google

Aug 2014 – Jan 2015

- Supported operational integrity and data-quality controls for Google Shopping GTM launch.

Education

Executive MBA — Business Strategy & Technology Leadership
Santa Clara University, Leavey School of Business | 2023

B.S., Business Administration — University of Phoenix

Technical Stack

Salesforce · HubSpot · Clay · n8n · Outreach · Apollo · Gong · Notion
Python · Pinecone · Modal · SQL · LLM Prompt Engineering

Senior RevOps Architect | Technical GTM Infrastructure

RevOps and GTM systems leader with 12+ years building revenue infrastructure across enterprise and high-growth environments. I design revenue operating systems that translate executive growth targets into measurable system behavior across Sales, Marketing, and CS.

Selected Outcomes

- 160% YoY pipeline growth (Fudo Security)
- \$424K annual operating savings via CRM routing and enrichment automation (Fudo Security)
- \$30M+ qualified pipeline supported across GTM systems built in enterprise and growth-stage environments
- \$2M+ U.S. expansion pipeline (Fudo Security)
- SDR ramp reduced from 90 days to 5 days (Fudo Security)
- 125% response performance lift and 12% churn reduction (Sense)

Core Strengths

- RevOps architecture and execution governance
- Revenue process design (signal -> response -> meeting -> opportunity)
- Lead lifecycle, routing, enrichment, and attribution instrumentation
- Pipeline diagnostics, conversion optimization, and operating cadence
- Cross-functional alignment across Sales, Marketing, CS, and leadership
- Technical fluency: Clay, Salesforce, HubSpot, Outreach, Apollo, Gong, Python, SQL, n8n, APIs

Experience

Principal GTM Systems Operator | Basin Consulting

Nov 2025 - Present

- Built modular GTM systems for signal capture, enrichment, scoring, routing, and outbound orchestration.
- Designed deterministic routing logic and identity resolution frameworks using API-level integrations (Clay, Salesforce, HubSpot, Python workflows).
- Designed Phase 1 outbound architecture for B2B client: 10-day multi-channel cadence + 72-hour diagnostic instrumentation with defined performance baselines (45-65% open, 8-15% positive reply, 3-6% meeting rate).

Senior Manager, GTM Strategy | Fudo Security

Feb 2024 - Nov 2025

- Built a signal-based operating model that drove 160% YoY pipeline growth.
- Automated CRM enrichment and routing workflows, producing \$424K annual operating savings.
- Reduced SDR ramp time from 90 days to 5 days through systems-led onboarding architecture.
- Supported U.S. expansion initiatives that generated \$2M+ in pipeline.

GTM Consultant (Contract, Concurrent) | Braintrust

Jan 2024 - Jul 2024

- Built automated outbound infrastructure and ICP scoring models to improve enterprise opportunity creation across Fortune 1000 accounts.
- Developed targeting and sequencing diagnostics that improved prioritization quality and reduced wasted outreach.

Group Manager, Global Business Development | Sense (Series D)

Jan 2021 - Apr 2023

- Architected signal-driven outbound infrastructure supporting \$10M+ qualified pipeline.
- Improved response performance by 125% through workflow and messaging optimization.
- Built proactive churn-trigger systems that reduced attrition by 12%.

Enterprise Business Development | SurveyMonkey

Feb 2019 - Jan 2021

- Managed enterprise expansion across a \$300M account portfolio.
- Drove \$300K+ expansion revenue through data-informed account strategy.

Infrastructure and GTM Strategy | Sanho Corp

Feb 2015 - Feb 2019

- Led infrastructure and GTM process improvements across retail and partner distribution channels.

Operations Analyst, Shopping Index Ops | Google

Aug 2014 - Jan 2015

- Supported operational integrity and data-quality controls for Google Shopping index workflows.
